The lymphatic system drains excess fluid and waste products from the tissues, deals with inflammation and infection, and transports fats and proteins around the body. A lymphatic drainage therapist uses light and rhythmic hand movements on the skin, stimulating lymph nodes and the numerous lymphatic channels. 60 mins

WOOD THERAPY MASSAGE \$140/ 3 pack \$390

This technique employs repetitive movements using different wooden instruments to manipulate targeted areas of muscle, fat, and cellulite, stimulating the lymphatic drainage system to remove unnecessary water, fat, and toxins from the body. Some of the benefits of this natural and non-invasive treatment are that it activates the lymphatic system, reduces water retention, breaks down cellulite and body fat, and tones and tightens skin. It stimulates blood circulation, accelerates metabolism, and naturally rids the body of toxins while loosening tight muscles. 60 mins

ALKALINE WRAP \$95 (5 pack \$425- can be mixed with Hyperbaric Oxygen Chamber sessions)

Our body wrap is an intense alkalisng therapeutic treatment. If the body is in a too high acid environment, it becomes a perfect breeding ground for disease, especially cancer. Your torso, arms and legs are individually wrapped in hot, bicarb-soaked towels so you get the full benefits of the detoxification process. You are then wrapped in woolen blankets to retain the warmth, while your muscles relax and you enjoy some quiet time. The bicarbonate soda gets absorbed through the skin, entering into the body tissues and alkalisng them. This will give the immune system a mighty boost. Best used in conjunction with the hyperbaric chamber to reap maximum benefit. *60 mins*

HYPERBARIC OXYGEN CHAMBER \$95 (5 pack \$425- can be mixed with Alkaline Wrap sessions)

Hyperbaric oxygen therapy involves breathing in pure oxygen in a pressurised environment. When your blood carries this extra oxygen throughout the body, it may help fight disease and speeds up healing of wounds, infections and injuries. May assist in fighting cancer as cancer cannot live in an oxygenated body. *60 mins*

SITZ BATH \$70 / 5 pack \$250/ 10 pack \$450

Our custom-built Sitz bath allows pain relief and healing through hydrotherapy (hot/cold treatment) for guests suffering with any lower body ailments (between waist and knees), by bringing blood to the affected area, which delivers nutrients, oxygen and water to aid healing while encouraging removal of toxins in the body. *30 mins*
